

Errata (July 29, 2010)

Prevention for the Health of North Carolina: Prevention Action Plan (October 2009)

1) An error appeared in the issue brief *Prevention for the Health of North Carolina: A Prevention Action Plan* (October 2009). The second heading of the stub column in the table **North Carolina Ranks Poorly on Most of the Major Health Indicators^a** should read “Obese adults (2008)” (*not* “Overweight and obese adults (2008)”). The corrected text appears in the July 2010 revision of the issue brief posted at <http://www.nciom.org>.

2) An error appeared in the NCIOM Task Force report *Prevention for the Health of North Carolina: Prevention Action Plan* (October 2009). The last sentence of the first paragraph on page 74 should read “Among youth, 26.6% of high school students and 9.1% of middle school students report current use of any tobacco product.^{e,3,4}” (*not* “Among youth, 26.6% of high school students and 9.1% of middle school students report current use of OTP.^{e,2}”). Adjustments to the reference list for chapter 3 have been made to reflect this change. The corrected text appears in the July 2010 revision of the Task Force report posted at <http://www.nciom.org>.
